General Observations, Opinion as to Class, Recommendation, &c.:—

State clearly whether any and, if so, what alteration is suggested to be made in the existing classification and notation of the vessel in the Register Book consequent upon this survey, thus, for example:— "to remain as surveyed, 1,38," or "to remain as classified and to have record of survey, 1,38, and the notations of *ss No. 1-38 and* *pxsd05, km.*"

This vessel is now in apparent good condition and eligible in my opinion to remain as classed.
