Dear Sirs,

CLASSING LETTER.

7979 "LINDO". As recommended.

It is concluded that three bower anchors are fitted, and not two as reported, but your confirmation is desired.

8002 "BERLIN". As recommended, except that as the Biennial Survey of the exhaust gas economiser is not due until May, 1967, a fresh notation of DBS 2,66, has now been assigned. It will be appreciated therefore if you will issue an amended Interim Certificate accordingly.

Yours faithfully,

Cc Ham

pro Clerk to the
Classification Committee.

The Surveyors,
BREMEN.
