Dear Mr. Hill,

I am obliged for your letter of the 4th instant respecting the classification certificate of the steamer "ARANDORA".

From the enclosed letter I have just received from Mr. Lyle you will see that the Builders' contention that the duct keel is 147' - 3" is quite correct, in view of the frame spacing as mentioned by Mr. Lyle and shewn on the plan.

I shall be obliged if you will kindly have the certificate amended accordingly.

The plan of longitudinal section forwarded with your letter is returned herewith.

With kind regards,

Yours faithfully,

*D. M. Keith.*
