Dear Sir,

"ARANDORA STAR".

We thank you for your letter of the 4th instant returning copy of our diagrammatic plan and specification of sewage ejector installation for the midship accommodation for the above vessel, and note that the system as indicated will receive your approval, subject to the work being carried out to your Surveyor's satisfaction.

We note also that you are in agreement with our suggestion to operate locally the sluice valves to the sewer mains where they pass through the aft engine room bulkhead, and hope to advise you at an early date where the various contracts will be placed.

Yours faithfully,

For BLUE STAR LINE, LTD.
