

## Queen Mary & Aquitania

The Owners' letter of the 20th May being considered by the Secretary to be somewhat ambiguous, he gave instructions for Mr. Keith to be communicated with over the telephone and asked to obtain confirmation of the Owners' wishes in regard to machinery records of the "QUEEN MARY", and at the same time to enquire about those of the "AQUITANIA".

Mr. Keith stated in reply that he had been in touch with the Owners, who stated they had no objection to full particulars of the machinery and boilers appearing in the Register Book against both vessels.

23.5.36

All reports on Aquitania since date of build scrutinized for possible alterations to machinery. + proposed entry in R.B. shown to Mr. Ritchie before posting.  
25/5/36.
