Dear Sir,

"AQUITANIA"

We have to thank you for your letter of the 13th instant in regard to the freeboard of the above steamer, from which we are pleased to note that information has been received from the Board of Trade to the effect that no objection will be raised to the maximum draught of the "AQUITANIA" being increased to 36' 2" for all seasons.

The copy of memorandum setting forth the vessel's amended freeboards has also duly come to hand, and we are communicating with our Southampton office asking them to get into touch with your Surveyors at that port for the purpose of having the revised position of disc marked on the vessel.

Yours faithfully,

THE CUNARD STEAM SHIP COMPANY LIMITED.
