

# Lloyd's Register of Shipping,

Collingwood Buildings, Newcastle-on-Tyne.

Reference

E.

The Secretary,  
LONDON.

5th May 1931.

Dear Sir,

m.v. "AGNITA".  
Newcastle Report No. 86948.

Replying to your letter of 4th instant respecting the fittings, cables and switches for the pump room of the above mentioned vessel, I beg to say that the fittings were special gastight pattern accessible only from outside the pump room, the cables were lead in galvanized iron pipe wholly external to the pump room, and the switches were situated in the forecastle alleyway.

It is regretted that this information was omitted from the report.

I am, Dear Sir,

Yours faithfully,

*R. C. Clayton*

Lloyd's Register of Shipping

Collingwood Buildings, Newcastle-on-Tyne

5th May 1931.

The Secretary,  
LONDON.

Dear Sir,

M.V. "LONITA"  
Newcastle report No. 88348.

Replying to your letter of 4th instant regarding the fittings, coils and switches for the pump room of the above mentioned vessel, I beg to say that the fittings were special cast-iron pattern accessories only from outside the pump room, the coils were lead in galvanised iron pipe wholly external to the pump room, and the switches were situated in the forecabin alleyway. It is regretted that this information was omitted from the report.

**Referred to the Chief Engineer Surveyor.**
