

Boiler  
endorsement

Shipbuilders: Messrs. Blythwood S. B. Co., Ltd. Yard No. 52

Makers: Messrs. John G. Kincaid & Co., Ltd.

Boilers No. for  
DIESEL ENG. No. K118/R

It is submitted that the plan of dry back cylindrical  
boilers merits approval for a working pressure of 180 lb  
per sq. inch, provided <sup>†</sup> the boilers be constructed under the  
usual conditions of survey and testing.

✓ → The Steel Testing Surveyors should be advised regarding  
the tensile strength of the shell plates & butt straps

viz:- 29/33 tons per sq. inch

+ four additional stay tubes be fitted at  
the wide water space as indicated on the plan and /.

✓ It should be pointed out that the fitting  
of nuts at the combustion chamber end of  
stay tubes is not in accordance with the Rules. S.A.
