Ans'd.....

Dear Sir,

I wrote yesterday about the machinery dates to be recommended in the case of the "AURIS".

With regard to the Hull the last date she was seen in drydock was 4,59. Freeboard certificates were issued on the 17th May, and Mr. Tillery proposes to recommend a Special Survey date of May,59. He has not been in any tanks since that date, all the major work was completed by then, although there has been some work since in connection with the reinforcement of boiler flat.

Yours faithfully,

Secretary to the  
Liverpool Committee.

The Secretary,  
LONDON.

I wrote yesterday about the machinery data to be  
recommenced in the case of the "AURIS".  
With regard to the Hall the last data she was seen  
in directory was 4.59. Forward certificates were issued  
on the 17th May, and Mr. Tiffery proposed to recommend a  
Special Survey date of 10.59. He has not been in any talks  
since that date, all the major work was completed by then,
