Particulars of Classification (which must be inserted precisely as in Register Book and Supplement)

Surveys must be reported in the terms of the Rules. The nature and extent of Examinations and Repairs (if any) must be stated in detail, the parts examined and their condition being clearly indicated. For Annual, Special or other Condition Surveys the Summary of Examination and Condition on the back of the Report is to be carefully completed and amplified if necessary in the body of the Report. Outstanding items to complete the Survey should be summarised at the end of the Report. The reasons for Repairs must be stated. Repairs on account of Damage (the alleged cause of which must be stated) should be separated from Repairs due to other causes, and, besides being detailed in the body of the Report, should be summarised in the form below. When, at a Special Survey, the Shell and Deck Plating is drilled the results must be reported on Report 8(Dr). Whenever Anchors or Chain Cables are replaced or retested the necessary particulars are to be given on Report 8(Eq) which is to be attached to this Report.

EXAMINATION AND REPAIRS AS PER RULE FOR TOWING TO PORT IN ITALY TO BE BROKEN UP.

The ship afloat, the shell plating above water line, deck, hatch and vent coaming, superstructures and casings and all closing appliances, windlass and bower anchors examined and considered satisfactory for the intended voyage.

The agents stated that the ship would be towed without main engines or auxiliary power on board, and it was understood that the towing arrangements were not the responsibility of the Society.

Copy of Interim Certificate attached.

Fair'd or Repaired in place								

Has a Survey also been held on machinery of the Ship? No.

Is Classification Certificate required? If so, to be sent to

If so, is the Report sent now, or when will it be sent?

Has Interim Certificate been issued? Yes.

GENERAL OBSERVATIONS, OPINION AND RECOMMENDATION AS TO CLASS

State clearly what alteration, if any, is suggested to be made in the existing Classification or Survey or other records of the Ship in the Register Book consequent upon this survey; for example:— "to remain as Classed in the Register Book without fresh record of Docking"; "to remain as Classed and to have record of drydocking 1,55"; or "to remain as Classed and to have record of drydocking 1,55, and the notation of S.S. . . . 1,55".

This ship so far as now seen is eligible to be towed as an unclassified ship to a port in Italy in ballast to be broken up.
