24th August, 1928.

Dear Sir,

I am in receipt of your letter of the 20th instant relative to certain vessels belonging to Mr. William Robertson from which it is noted that the 3rd Special Survey N^o1 of the steamer "RUBY" is now being held at Glasgow and that when this inspection is completed the outstanding surveys on the "TOPAZ", "EMERALD" and "ACHROITE" will be carried out in rotation. In the circumstances the Committee, who had the cases before them at their meeting today, are agreeable to the surveys in question being postponed for the present, and I shall be glad if you will inform the Owner accordingly.

I am, Dear Sir,

Yours faithfully,

Clerk to the
Classification Committee.

The Secretary,

GLASGOW.
