

Lloyd's Register of Shipping,

Collingwood Buildings, Newcastle-on-Tyne.

30th August, 1916.

reference

Sir,

I beg to forward herewith the First Entry Report on the geared turbines No. 55 removed from the Steamer "VESPASIAN" and intended to be fitted in Messrs. W. Doxford & Son's No. 478 ship. I regret that some particulars cannot be filled in owing to Messrs. Parsons Co objecting to these particulars being obtained.

I am, Sir,

Your Obedient Servant,

Thomas Field

The Secretary,

LONDON. E.C.

30th August, 1918.

I beg to forward you the first entry report on the
general condition of the vessel "WYOMING"
and to inform you that the vessel is now
at the disposal of the Admiralty and is being
employed on the coast of the United Kingdom
in connection with the operations of the
Royal Naval Air Station at the
Isle of Portland.

(Signature)
AUG 29 1918

Referred to the Chief Engineer Surveyor.
