13th August, 1920.

Dear Sir,

I have to acknowledge the receipt of your letter of the 10th instant, respecting the case of the Steamer "FULLAGAR", (Liverpool First Entry Report No. 18095), and with reference to the question raised with regard to the charging of a Special Fee for the services which have been rendered by the Society during the construction of this vessel, I am directed to say that it is desired that Mr. Campbell Holms will be good enough to arrange to interview the Builders, with a view to discussing with them as to what would be considered a fair charge to make for the survey of the hull and machinery, in view of the additional work that has been involved, and to report the result of his interview in due course, for the information of the Committee in dealing with the case.

I am, Dear Sir,
Yours faithfully,

The Secretary,
LIVERPOOL.

Secretary.
