18th April 1916.

Mr. Shaw,

I am in receipt of your letter of yesterday in regard to the bulkheads in the "AVENGER" and note what you say. In order that this matter may be put in order I shall be glad if you will obtain from the Owners a letter requesting the omission of the tween deck bulkhead that has been left out.

If you will do this and let us have this letter as early as possible we shall then be in a position to place the case before the General Committee for their consideration.

With kind regards,

Yours faithfully,

C.F.

G.M. Shaw, Esq.,

GLASGOW.
