

Lloyd's Register of Shipping,

342, Argyle Street, Glasgow

19th April, 1916.

Dear Mr. Fowling,

I am in receipt of your letter of yesterday in regard to the bulkheads of the "AVENGER" and have arranged with the Union Steamship Co. of New Zealand representative Mr Miller to let us have the letter requesting the omission of the tween ^{deck} bulkhead.

As, however, Mr Miller has instructions to get letters like this signed by Mr. Campbell, and as Mr. Campbell is at present in Liverpool I will not get the letter until to-morrow.

With kind regards.

Yours faithfully,

Geo M Shaw
