

URGENT.

"CONTE ROSSO"

Valves for Loeffler Boiler.

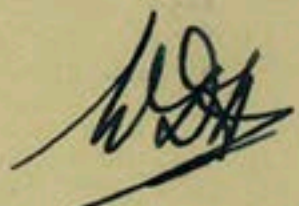

IT IS SUBMITTED the Firm be informed that the plans of valves merit approval for a working pressure of 130 kg. per sq. cm. and temperatures as shown on the plans, but in no case exceeding 475°C, provided the stud bolts and nuts securing the covers of steam valves be made of Ni-<sup>CR</sup>~~CR~~-Mo steel where now indicated on the plans, and the whole of the work be to the Surveyors' satisfaction.

The Firm should be requested to forward the plans now approved, after noting, to the Vienna Surveyors for their guidance.

Advise Vienna & Trieste Surveyors.

W.G.F.  
24.9.35.

Return 13 plans.  
Retain copies.
