THE SURVEYOR

The Secretary,  
London.

M.

Dear Sir,

In connection with the surveys held at this Port on the new steamer "LACONIA" please see your letter dated 8/5-22 I have to inform you that the reports have now been prepared and forwarded to-day, viz:- on Hull, on Machinery and on Refrigerating Machinery; the report on the electric light installation; which according to a letter received from the Newcastle Surveyors shall be sent to us for signature; will, as soon as this has reached us, be duly forwarded.

*expect with electric light*

You will note that the report on Refrigerating Machinery is incomplete as regards dimensions of the machinery itself, and cubic capacity which will as understood be given by the Newcastle Surveyors.

No fees have been given on the reports for services rendered at this Port as I consider it better that these are being arranged in your Office; the amount that has to be charged will also have to be paid at your end.

I may state that the expenses in connection with Mr. Schoo's attendance during the trial trip from Rotterdam to Southampton and return to this Port are stated by him to be in total f 144.00.

II.

There are no local expenses to be recovered for the visits paid whilst the vessel was in Port.

I am, Dear Sir,

Yours faithfully.

R. Cassenburgh.
