Enclosures.

15th June, 1922.

Dear Sir,

With reference to your First Entry Report No. 42003 on the Steamer "TYRRHENIA", I shall be glad if you will enquire of the Surveyor and let me know whether the "O" strake of shell plating is doubled at the after break and whether the thickness and riveting of this strake at the forward break are as approved.

As regards the machinery, the list of the spare gear does not appear to have been sent, but it is concluded that this spare gear is in accordance with the requirements of the Rules, and on this point I shall also be glad to hear from you.

Two Certificates of classification are enclosed herewith.

I am, Dear Sir,
Yours faithfully,

Assistant to the Secretary.

The Secretary,
GLASGOW.
