RETAIN

Dear Sir

Thanks for your letter of yesterday's date replying to ours regarding the entry in the Society's Register Book of our s.s. "Manchester Regiment", and enclosing copy of Supplement No. 7, in which, as you say, we see the building year is correctly given.

After all however, the Supplement is referred to by very few people, as in the first place they naturally go to the Register Book itself, as the subscriber did on this occasion.

However, we know these little mistakes will occur, and no doubt you will be good enough to see the building year is correctly given in the next issue.

Yours very truly,

For MANCHESTER LINERS LIMITED
