F.E.  
(FBD.)

Received by Chief Ship Surveyor .....

Received from Chief Ship Surveyor .....

VESSEL'S NAME m.s. "AKKA" Rpt. Got. No. 13474

The remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

(The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report, 24/5/92.)

1st Long. No. 15571 Depth "d" -  
2nd Long. No. 39188 Proportions =  $\frac{L}{D}$  11.0  
Framing Bulb angle frames as approved Sheerstrake As approved

This is a complete superstructure vessel with tonnage opening and a draught corresponding to the freeboard of a C.S.S. vessel.

The vessel is intended for the carriage of ore and, at the Owners' initiative, the thicknesses of the shell plating, framing, decks etc. have been increased (see plans).

This vessel appears to have been built in accordance with the Rules and the approved plans, and it is submitted she is eligible to be classed LOCAL "With freeboard" "Carrying oil FP above 150° F in tanks

The Summer Freeboard as shown on the attached extract from the Freeboard Verification Form, now marked on the vessel's sides, to be inserted in the classification certificate and recorded in the Register Book, and further, the remaining freeboards, as shown on the accompanying extract, to be inserted in the certificate of classification.
