Dear Sirs,

Steamer "ANDREA DORIA"

With reference to Genoa first entry report No. 19132, I shall be obliged if you will kindly furnish me with any comments you may have to offer in regard to the underdeck tonnage of 14185 entered on your report, in particular as to whether this is the figure which should be recorded in the Register Book, in accordance with our normal practice.

It is appreciated that this is a passenger ship, but there would appear to be some doubt as to whether the figure is correct, seeing that the net tonnage is given as 15788. Perhaps at the same time you will be good enough to confirm that the registered depth is 37.15 ft, bearing in mind that the moulded depth is given as 50'- 1".

Yours faithfully,

Assistant Clerk to  
the Classification Committee.

The Surveyors,  
GENOA.
