

Enclosure.

7th December, 1948.

Dear Sir,

Steamer "ALBATROSS"

S.

With reference to my letter of the 25th ultimo, I have to say that the Owners' Superintendent has called at this Office to-day, and it has been agreed that complete drilling of the plating need not be effected and it will only be necessary to complete the drilling started at Chatham in October/December, 1946. It has also been agreed that the testing of the tanks etc. referred to in London Report No. 114789 shall be accepted as part of the Special Survey for Classification, and that provided the remaining items of the Special Survey be completed to your satisfaction, the vessel will be eligible for a notation of S.S. Lon. 12,46 (Dr).

The report in question is returned herewith.

Yours faithfully,

Clerk to the  
Classification Committee.

D. L. H. Collinson, Esq.,  
TORQUAY.
