BOARD REPORT on the

S.S. "Jalagopal" ex "Edavara"

The British India S.S. Co., stated over the phone that this ship has been sold to the Scindia S.S. Co. The London Office of the latter company stated over the phone yesterday that the Port of Registry will eventually be changed to Calcutta or Bombay, but in order to prevent delay at any port of call in the meantime, they desired new freeboard certificates in the new name, and with the present port of registry inserted thereon, to be sent them to-day, in time to catch the air mail to India.

This further submitted the Bombay Surveyors be advised of the action taken.

The Board of Trade advised this office 5/9/33 of the change of name.
