3 Enclosures.

14th February, 1925.

Dear Sirs,

With reference to Mr. Langlands' letter of the 7th instant respecting the proposal to remove the brackets from the end bulkheads of the oil fuel bunkers of the S.S. "ASCANIA", I have to inform you that if the outside brackets be removed, brackets should be fitted inside the tanks connecting the horizontal girders. These brackets should be efficiently connected to the girders and be flanged on their faces.

The plans forwarded for reference with your letter of the 10th instant are returned herewith.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,

NEWCASTLE.
