Answered

tract from letter dated 21st June, 1910. received from The Society's Surveyor

at BAHIA BLANCA.

Vessel's Name

Re the work in hand. The Hoppers Nos. 918 & 920 in Register Book have gone through their Machinery Survey and are to go up on the slip way as soon as the "Poderoso", No. 633 in Register Book, has come off. The "Poderoso" is nearly finished for her No. 1 survey, the re-bushing off the Stern Tube only now remaining to complete same.
