

Steel Screw Steamer, number not given, proposed to be  
built by Messrs. Smiths Dock Co., Ltd.

Rule Dimensions: 280 x 41'-3" x 22'-3"

Scantling Numbers: 6218 & 17748

Proportions: Length - 12.56 depths to upper deck  
9.47 " " *drag*

Plans of midship section, profile and decks and bulkheads  
submitted by the Middlesbrough Surveyors.

It is submitted that provided  
compliance

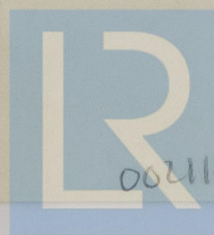

the vessel will be worthy to be classed 100A1.

As requested by the Builders the scantlings  
which could be approved for the class 100A1 "With  
freeboard" have also been indicated on the plans for a  
draught corresponding to 18'-6", but the Builders  
should be requested to point out to the Owners that no  
reduced freeboard could at any time be permitted unless  
the <sup>revised</sup> scantlings were suitably increased.

The Owners sanction to the adoption of the Revised  
Rules should be obtained.

Verified copies of the plans should be obtained  
and forwarded to this Office for reference.
