

COPY.

6th August, 1915.

Dear Mr. Nash,

In the case of the S.S. "VINDEX" ex
"VIKING" please report the sheer at ends and at
1/8th length from ends when sending up the plans and
particulars of alterations for new freeboard
assignment.

I find the present freeboard was approved
originally with the plans for the special service
intended, and a freeboard report was not furnished.

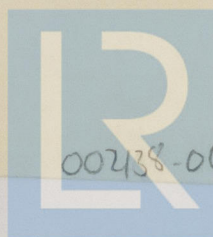

With kind regards,

Yours faithfully,

Geo. R. Mares

S.A.C. Nash, Esq.,

LIVERPOOL.
