reference

Sir,

I beg to acknowledge the receipt of your letter of the 21st inst. in reference to the First Entry Report No 29314 on the steamer "Brentham".

The thickness of the lower back plate in the main boiler is 27/32", which is in agreement with the approved plan.

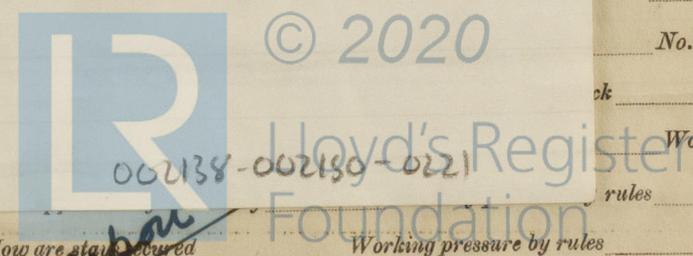

I very much regret the mistake made, & will endeavour to avoid the same in the future.

I am, Sir,
your obedient servant.

A. H. Pilditch.

The Secretary.

London.
