SCINDIA STEAMSHIPS (LONDON) LTD.,

ADDRESS

BILLITER BUILDINGS, 22 BILLITER STREET, E.C.3.

Reference, if any : G/1531Dated 20.1.55. Received 22.1.55. AnsweredVessel's Name : s.s. "NETRAVATI"

We wish to refer you to your letter Classn.H of the 10th December in regard to the Screw Shaft Survey and also the Boiler Survey for the above vessel. Our Principals have advised us that the special survey for this vessel falls due in April, 1955, and that they are actively considering disposing of this vessel for scrap by about this period; they have accordingly deferred the survey.

They add that the vessel at present has a non-restricted Load Line Certificate from you for International Trading. In view of the fact that the vessel has been and will continue to be engaged until April 1955 on ~~xxx~~ India Coastal voyages with the limits of Kandla and Cochin and within short distances of the Coast Line we trust you will have no objection to their continuing with the vessel for a few voyages up to the end of April, 1955. We shall be pleased to receive your confirmation in this respect at your earliest convenience.
