

FREEBOARD REPORT on the Messrs Swan Hunter & Wigham Richardsons
S. S. No. 1234

It is submitted the Freeboards given on the accompanying form being those required by the Tables merit approval, subject to the particulars and dimensions now supplied being verified on completion of the ship.

The freeboards have been computed on a corrected tonnage coefficient of .78 and are, therefore, subject to revision if necessary.

In submitting his verification report the surveyor should forward an estimate of the tonnage of double bottom above the normal line of bottom longitudinal, and also a builder's estimate of the under-deck tonnage, assuming that 6" side framing and ordinary floors 32" deep are fitted throughout the vessel, in conjunction with the usual ceiling and sparring.

Amended Preliminary
