

14th October, 1955.

K

"NOTRE DAME DE FRANCE". As recommended, the Committee having agreed to the Special Survey being postponed until the next as a result of your General Examination. I shall therefore advise you if you will inform the Owners accordingly. Perhaps at the same time you will point out that the shell and deck plating requires to be replaced to Rule requirements as the ship is now over 24 years old. It is noted that the thicknesses reported for shell plate A. 8 (port and starboard) 5 and 6 mm respectively are not generally indicative of the condition of these plates, as otherwise the plates will require to be replaced at the Special Survey. Your confirmation on this point is, please, desired.

As recommended.
