S.

Dear Sir,

"NOTRE DAME DE FRANCE" N° II438

I beg to inform you that on account of a renewal of propeller on the above named vessel I have been requested by the Owners to test the Main Engine at sea in order to obtain the necessary diagrams to compute the indicated horse-power at full speed.

On the 13th August 1948 I was on board and the Engine was tried at sea. The enclosed diagrams were taken with rather rough sea.

As the Owners wish to have from this Society an official acknowledgment stating the indicated horse-power of the engine would you kindly give the matter the kindest attention

Hoping a favourable reply,

The Secretary
LONDON

I am Dear Sir
yours faithfully
