And.
LONDON

Dear Sir,

In reply to the enquiry contained in your letter of the 16th instant we have to state that the size of the propeller post of the stern frame of the new steam Trawler "NOTRE DAME DE FRANCE" is as stated in the report.

This stern frame was ordered and cast prior to the submission of the plan, and in order to compensate for the deficiency in scantlings the thickness of the shell plating in way was increased.

We are, Dear Sir,

Yours faithfully,

The Surveyors,

Per:-

J. B. Cochrane

The Secretary,
LONDON.
