PORT OF GLASGOW

Our Reference: E.1.

June 28, 1949.

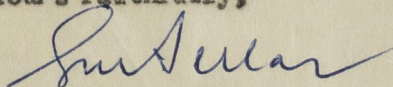

Dear Sirs,

F.V. "FAIRFREE"

With reference to your letter of June 15, and yesterday's telephone conversation, regarding the classification of the refrigerated installation of this ship, we confirm that the requirements are as follows:

1. A complete survey on existing refrigerating plant and insulation as well as on the additional fittings and insulated compartments now in process of construction, and cooling down tests on the completed installation will be required.
2. Plans of insulated holds showing thickness, attachments, and other details of insulation, and plan of brine circuits should be submitted for approval.
3. The enclosed data sheet should be completed as far as applicable and forwarded for information.

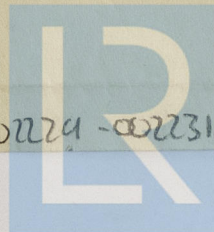

Yours faithfully,

For the Surveyors

Messrs. Chr. Salvesen & Co.,
94, Hope Street,
GLASGOW, C.2.

C.C. - L.R. Bothwell Street, Glasgow.
C.C. - L.R. Greenock.
