Dear Sir,

We have just purchased the steamer
"ATLAS" which we are re-naming "AINTREE". This steamer
is at present in the Norwegian Veritas Class, and we
wish her to be transferred to your Society. She is at
present in Fletthher's Dock, London, and our Consulting
Engineer, Mr. T.T.Kennaugh of Liverpool, has been in
touch with your representative. If you require any
further information with regard to the matter, perhaps
you will be good enough to apply to Mr. Kennaugh, who
is at present on board, and oblige.

Yours faithfully,
