22nd July 1955

Statement of Skipper of S/T. "Hatano"

At 7 a.m. on Wednesday, 20th July 1955, we were steaming to the fishing-grounds, and were in a position abreast the South Rock light-vessel, when our engines stopped suddenly.

The Chief Engineer came to the bridge and reported that the spindle of the L.P. valve had smashed.

Signed:-

G E Jackson

Skipper
