

Steel Screw Steamer No.210 proposed to be built by Messrs.
CRAIG, TAYLOR & Co.,LD., with a view to class 100A1.

Rule Dimensions:- 244 x 36.5 x 18.08 to Upper Dk.
21.66 to R.Q.D.
Scantling Nos:- 4412 and 13318.
Proportions:- Length = 13.49 depths to Upper Dk.
" 11.27 " " R.Q.D.

This vessel is of the single deck type with a long raised quarter deck, short bridge, and topgallant forecastle, and fitted with 4 large hatchways, and is a typical self-trimming Collier.

Plans of midship section, profile & decks, and alternative sketch of tankside brackets, submitted by the Middlesbrough Surveyors.

The Builders forwarded the following day an amended plan of profile & decks, showing altered bunkering arrangements, and also enclosed duplicate midship section, and plan of tank side brackets.

It is submitted that provided

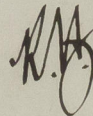

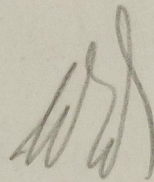

C O M P L I A N C E

the vessel will be worthy to be classed 100A1.

Owners' consent to Revised Rules.

The plans forwarded by the Middlesbrough Surveyors have been amended in pencil to be in accordance with the amended plans forwarded by the Builders, and these should be retained in this Office for record.
