QUESTION

ANSWER

With reference to my letter of the 7th February and Liverpool report No.144129, I shall be glad to learn what arrangements have been made for the carrying out of the special and Screwshaft Surveys.

You will observe that the oiler Survey becomes due at the end of next month.

In view of our previous arrangements with the Owners of this ship, I asked them a few days ago about a firm date for the carrying out of these surveys. They have been endeavouring to obtain a drydock, but so far have been unsuccessful, and it looks as if they will have to wait until the middle of August. They will have these surveys carried out as soon as a drydock becomes available.
