Lloyd's Register of British & Foreign Shipping,

71, Fenchurch Street, E.C.

8th December 1914.

Dear Sirs,

I have to inform you that a letter has been received from the Society's Surveyors at Middlesbrough stating that the new steamer "ARKLESIDER" has proceeded to your port to receive her engines, and that to complete the survey the following remains to be done, viz:- Decks to test (Downton to be tried from furthest suction), steam and hand steering gear and windlass to be tested, bilge suction pipes to be completed and casings to be riveted up.

I shall therefore be glad if you will give the matter the necessary attention, and on completion of the work forward a report on form 8 for the information of the Committee with a view to the classification of the vessel.

I am, Dear Sirs,

Yours faithfully,

The Surveyors,

SUNDERLAND.
