S.S. "MORETON BAY" Vickers No. 573.

Sir,

I beg to inform you that the W. T. sub-division of this vessel has been provisionally approved for a moulded draft of 29 ft. 8½", when carrying more than 12 passengers.

I should be glad if you will instruct your Surveyors to have the vessel marked accordingly and if you will insert the usual endorsement on the leadline certificate giving the position of this line in relation to the centre of disc approved by the load line tables.

The same draft has been approved for the same conditions in the case of the sister vessels Vickers 574 & 575 and Beardmores 616 & 617.

I am, Sir,

Your obedient Servant,
