Dear Sirs,

I have to inform you that the Roumanian Steamer "EMIL GEORG V STAUSS" has left this port for the Tyne, where the boilers require to be further examined and repaired. A copy of Report 10 is attached herewith.

This vessel has also sustained some fire damage on the port side of the stokehold which requires to be dealt with.

The Owners' representative stated the vessel would undergo survey for Classification at the same time.

Kindly give this case your usual attention.

Yours faithfully,

S. F. H. Grey

The Surveyors,

NEWCASTLE-ON-TYNE.
