We are in receipt of your letter of 15th September, 1955, respecting the above craft and the Owners have now informed us that the contemplated service limits of the craft are as follows:-

From a position lat $24^{\circ} 45' N.$
long $52^{\circ} 00' E.$

In a 270° direction to the 3 mile limit.

In an approximate 050° direction to lat $25^{\circ} 00' N.$
long $52^{\circ} 20' E.$

From the latter in an approximate 032° direction to lat $25^{\circ} 42' N.$
long $52^{\circ} 50' E.$

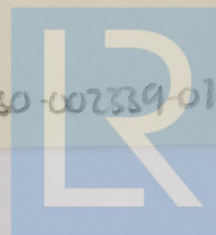

From the latter to a position in lat $27^{\circ} 00' N.$

Thence to a position approximately equal to that of Bahrain Light Vessel, thence in a southerly direction to include Bahrain where the pontoons will proceed when required for shipping purposes.

The Owners state that should any change of plan occur in the future they will keep us informed.

We trust this information will meet your requirements.
