

August 4, 1938.

1464

S.S. "ACADIAN"

Sills of engine room and boiler room doors to be raised to 18".

Please note that an alteration to the provisional figures sent you for intermediate and winter additions has been found necessary. The correct figures are as follows:-

Addition for intermediate = $3\frac{1}{2}"$

Addition for winter : $7\frac{1}{2}"$
