

"BENGKALIS"

G.T. 6453

Rpt Hull 51134 7-3-41

The transfer of this Dutch vessel from B.V. to L.R. has been under contemplation (see endorsement 21/2/41).

In the meantime a General Examination has been partly held at Hull, and this examination is to be completed at Glasgow.

In reply to enquiry the Surveyors furnish a list of the items which can be credited towards an eventual Survey for Classification, the fee for which, as regards the hull, would be £130. *if long held in this country.*

The fee as per Scale for General Examination is £12.

The Surveyors enquire as to what fee is to be charged for the survey now carried out.

It is submitted no charge be made meantime in respect to the items dealt with for Classification Survey and that the fee of £12 for General Examination be charged on completion of the Examination at Glasgow.

Advised B.V. Surveyors
