F.W.

John Macwilliam Esq.,
115 Philippsburgh Avenue,
Clontarf.

Dear Sir,

No. 74.

We propose fitting butt straps to the Garboard strake. Your Society's requirements are not quite clear to us, but we presume that double rivetted straps of the same thickness as the plates they connect (as per the old rules) will be in order.

We may say that a treble $7/8$ " strap could not be fitted between the toe of the one frame and the toe of the adjoining heel piece.

We shall be glad to hear from you regarding this small point.

Yours faithfully,

Signed by W. S.
