

NO. 176 SHIP.

"F.H. BEDFORD JR."

SPARE PARTS FOR MAIN MOTOR

- 2- Half- Crosshead - Brasses.
1 Section of crankshaft for cylinder 1,2,3
10 coupling bolts with nuts and splints for crankshaft
6 inlet telescope pipes
6 outlet " "
10 coupling bolts with nuts and splints for thrust shaft
1 complete crosshead bearing with bolts and nuts
2 bolt, nuts and splints for crosshead bearings
1 complete crankpin bearing with bolts and nuts
16 shoes for thrust bearings, starboard
16 " " " " port
2 piston complete with skirt, rod, piston cooling but without rings
4 piston skirt
84 piston rings
6 cap screws with case nut and splint
10 set screw with castle nut and splint
10 " " " " " " "
20 " " " " " " "
3 complete crosshead lubrication oil pump
1 plummer block for crosshead lubrication oil pump
4 set screw with castle nut and splint for bedplate
4 " " " " " " " " compressor bedplate
1 main bearing brasses with adjustable plates
1 bearing brass with adjusting plates for vertical steering shaft on lower end
30 wipper rings for main piston
6 cylinder liner
16 set screw with nut for cylinder cover
3 cylinder cover complete with valves but without flange ring
1 flange ring for cylinder cover
2 fuel valve complete but without lever
10 atomizer for fuel valve
10 fuel needle
10 nozzle for fuel valve
10 packing rings for fuel valve needle
2 starting air valve complete
2 safety valves complete for main ~~circuits~~ *cylinders.*
2 bearing brasses for camshaft bearings
1 conical wheel for camshaft drive on camshaft
1 " " " " " " vertical shaft
1 bearing brasses for vertical shaft in aft end camshaft bearing
1 thrust collar in aft end camshaft bearing
1 bearing brasses for vertical shaft in aft end camshaft bearing
1 screw wheel on the crankshaft right handed
1 " " " " " left "
1 " " " " vertical shaft right handed
1 " " " " " left "
6 fuel cam toe piece
1 connecting rod for fuel injection pump
1 guide piston for " " "
1 bearing brasses for vertical steering shaft (middle part)
6 bushings for fuel injection pump
6 plungers " " " "
6 suction valve complete for fuel injection pump
6 discharge valves complete for " " "
1 complete crosshead bearing for compressor
1 " crankpin " " "
1 " piston for compressor but without piston rings
5 piston rings for L.P. compressor piston
5 " " " I.P. " "

15 NOV 1930

002285-002400-0211/2

9 piston rings for H.P. compressor piston
1 main bearing brasses for attached compressor
1 cylinder liner for L.P. compressor
1 " " " I.P. "
1 " " " H.P. "
6 set screw with nut for cylinder cover of compressor
1 cylinder cover complete with valves for H.P. compressor
2 discharge valve complete for H.P. compressor
2 suction valve complete for " "
4 discharge valves complete for I.P. "
4 suction valve " " " "
4 discharge valve " " L.P. "
4 suction valves " " " "
10 conical pins to tight broken pipes of the L.P. tube bundle
20 " " " " " " " " I.P.& H.P. " "
1 tube bundle complete for L.P. intercooler
1 " " " " I.P. "
1 " " " " H.P. "
12 piston rings for attached scavenging pump
2 suction and discharge valves complete for scavenging pump
2 " " " " " " " " "
200 valve plates with lift stop for scavenging pump and springs
4 upper valve cones for lub. oil pump
4 lower " " " " " " "
2 Throttle inset box for blast pressure regulator
2 box for blast pressure regulator
2 hollow spindle for blast pressure regulator
2 regulating valve spindle for " "
2 complete strainer for lubricating oil filter
2 wire cloth for lubricating oil filter
2 " " " " " "
2 complete strainer for fuel oil filter
1122 tubes for lubricating oil cooler
2 Electric pyrometer
99 spring
238 cooper packing
109 " "
33 " "
20 profil "
