Lloyd's Register of Shipping.

71, Fenchurch Street, E.C.3.

15th August, 1946.

"S" Dear Sirs,

In reply to the enquiry contained in your letter of the 7th instant regarding the classification of the steamer "EMPIRE ROCK", I have to inform you that it is considered a fee of £40 should be charged for the part Special Survey and £16 for the General Examination. This will leave £120 outstanding to be charged when the Special Survey is completed or for an appropriate percentage to be charged when it is advanced.

A fee of £18 should be charged for the Freeboard assignment but it is not considered that at this time a machinery fee should be charged.

Yours faithfully,

Clerk to the
Classification Committee.

The Surveyors,
WEST HARTLEPOOL.
