MACLAY & MCINTYRE LTD.,
21, BOTHWELL STREET,
GLASGOW.

5th June 1924.

Messrs. Barclay Curle & Co. Ltd.,
GLASGOW.

Dear Sirs,

With reference to your letter of the 4th we note that you have dispensed with steel bulkhead between No. 1 and 2 tween decks, also with steel bulkhead at the after end of No. 2 hold, which was in accordance with our instructions. Our reason for doing this is that the above arrangement conforms with the requirements of our trade.

With regard to the bolted doors between the tween decks and permanent side bunkers, we wish same in order to facilitate trimming of coal, in fact the way we bunker our vessels, it is a necessity.

Yours truly,

MACLAY & MCINTYRE LTD.,

(Sgd)

Director.
