12th April, 1946.

The Secretary,
London.

Dear Sir,

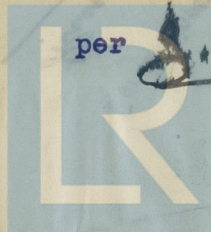

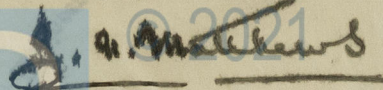

Steamer "BRITISH CAUTION".
Newcastle 1st Entry Report No. 103564.

With reference to the remarks contained in the classing letter of the 5th instant we beg to confirm that the Bessemer Steel Pipes are being utilised for steam and that these Pipes have been stamped on the flanges as in previous cases.

We have also to confirm the diameter and weight of the forward fly wheel is 1800 mm. and 1.1 tons respectively.

We are, Dear Sir,
Yours faithfully,
THE SURVEYORS.
