ar Sir,

In connection with the Reports 13 for the M/T "RINGFJELL", "SIREFJELL" and "HAUKEFJELL" despatched -day, it should be noted that part of the wiring of these three vessels is not in compliance with the Rules. This matter, as you are aware, is already in hand, and is anticipated that the latter vessel will arrive Kiel next week and will be dealt with as required. It is understood that the Owners are also arranging for that part of the electrical installation which does not comply in the case of the "RINGFJELL" to be dealt with as soon as possible.

We are, dear Sir,

Yours faithfully,  
For the Surveyors
